A-Frame

This is easy to make out of one piece of corrugated cardboard.
Be sure cardboard has no tape nor staples on it.

Cut to size (dimensions given in inches), fold as indicated & secure with 2 binder clips.
Alternatively, can glue with non-toxic glue.

Does not have a floor so cannot be soiled by untrained rabbits.
Place on fabric so rabbits can pull fabric into A-Frame.
Rabbits like to get inside & move it around.
Might get tipped over.

Remove binder clip to store flat.

Rabbit's Weight (lbs.)	2	4	6	8	10	14
A	20	20	20	20	20	20
B	18	20	24	28	32	38
C	2	2	2	2	2	2
D	6	6	8	10	12	14
