Triangular Tube

This is easy to make out of one piece of corrugated cardboard.
Be sure cardboard has no tape nor staples on it.

Cut to size (dimensions given in inches), fold as indicated & secure with 2 binder clips.
Alternatively, can glue with non-toxic glue.

If it tips over, can still be used.
Floor might be soiled by untrained rabbits.

Remove binder clip to store flat.

Rabbit's Weight (lbs.)	2	4	6	8	10	14
